PICK TWO!

THE UNIQUE WORD GAME

It's **FAST**, It's **FUN**, and It's **ALWAYS CHALLENGING!** In PICK TWO!, each player draws letter tiles, building their own personal crossword as fast as they can. Whenever players use all their letters they yell "PICK TWO!" and everyone, including that player, draws **TWO MORE** tiles. The Catch? These tiles must now be added to your crossword. The Best Part? You can always change your crossword by rearranging letters and even words to use up your tiles. When the center pile of tiles is gone, the first one done...WINS!
